

Introduced by Senator Dutton

February 22, 2005

An act to amend Section ~~19596.2~~ *19605.51* of the Business and Professions Code, relating to horseracing, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

SB 1096, as amended, Dutton. ~~Thoroughbred racing association or fair~~ *Satellite wagering: fairs.*

~~Existing law provides that a thoroughbred racing association or fair may distribute the audiovisual signal and accept wagers on out-of-state thoroughbred races conducted in the United States under certain circumstances, provided the total number of thoroughbred races imported on a statewide basis does not exceed 23 per day on days when live thoroughbred or fair racing is being conducted in the state. The limitation of 23 imported races does not however, apply under certain circumstances.~~

~~This bill would eliminate the 23 races per day limitations.~~

Existing law permits fairs in specified counties to operate satellite wagering facilities, under certain circumstances, within their boundaries.

This bill would add San Bernardino to those counties that may operate satellite wagering facilities.

Under existing law, revenues distributed to the state from horseracing are deposited in the Fair and Exposition Fund and are continuously appropriated to the Department of Food and Agriculture for various regulatory and general governmental purposes.

This bill would authorize additional *satellite* wagering, and would thereby increase the amount of money deposited into a continuously appropriated fund, thereby making an appropriation.

Vote: $\frac{2}{3}$. Appropriation: yes. Fiscal committee: yes.
State-mandated local program: no.
